Director's Meeting

HR70-14

Tuesday, 25 March 1952

PRESENT: General Smith, Messrs. Dulles, Wisner, Becker, Hedden, Earman, Col. White

HR70-14

The Director:

3.31-52

a. Stated he had received a letter from Gen. Ridgway yesterday concerning evaluation of our reports and asked Mr. Becker to prepare a reply. He also stated that we should be able to give Gen. Ridgway the standard numerical and letter evaluation and asked Mr. Becker to discuss this with Gen. Bolling.

b. Referred to some information from the [] in Moscow and again discussed his desire that we organize in order to take immediate counteraction to Soviet propaganda. Mr. Wisner noted that we were doing this and one way to speed up action would be to give more flexibility in the field. Mr. Wisner pointed out, however, that if such flexibility was given and we missed one time we would let ourselves in for trouble. The Director stated nevertheless we should have an SOP for various types of counteractions and, by the use of a code word to the field, set these counteractions in motion.

c. Raised the question of the budget presentation for the House Appropriations Committee tomorrow and, after considerable discussion as to how this would be done, stated that

1. He would lead off with a brief over-all statement;
2. To be followed by 10-minute talks by the experts:
 - (a) Col. Johnston - Chinese Guerrilla Operations
 - (b) Hans Tofte - Korean Guerrilla Operations
 - (c) Mr. Kirkpatrick - Secret Operations
 - (d) Sherman Kent - Estimates
 - (e) Bob Amory - Analysis
 - (f) George Carey - Exploitation of Financial and Industrial Sources
 - (g) Mr. Becker - General Subject of Intelligence
 - (h) Mr. Dulles - Propaganda to Include Radio Free Europe
 - (i) Mr. Wolf - Over-all Budget.

(NOTE: The order of the above presentations has not yet been determined.) The Director also stated that (1) he did not want a "room full" of people and that individuals would be called in to "speak their piece and depart;" (2) he desired a copy of the recent SO report on the Kremlin and would possibly extract certain paragraphs therefrom which he would give to the Committee; (3) he did not desire the great number of charts and "other items."
